**APPLICATION USER MANUAL - DETAILS**  
**SECTION A: COVERAGE AREAS OF USER MANUAL FOR END-USERS**

The description of each use-case specified under coverage of Section are elaborated below in a simple and short form:

**1. To view recorded & live short-videos tik-tok style:**

**1.1. Login:**

The end-user would open [www.boxengage.com](http://www.boxengage.com)

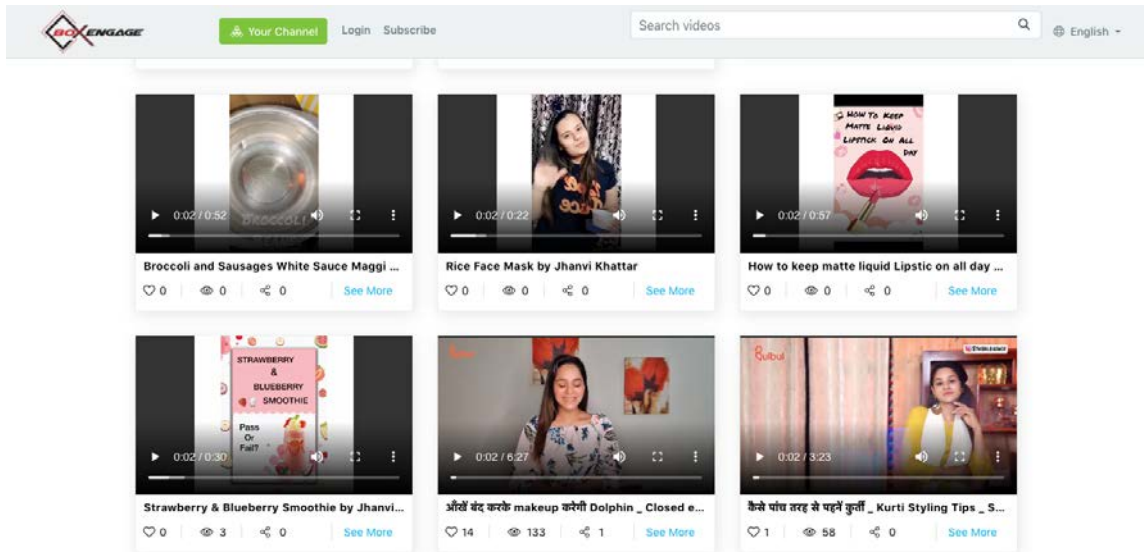

**1.2. Click on Categories:**

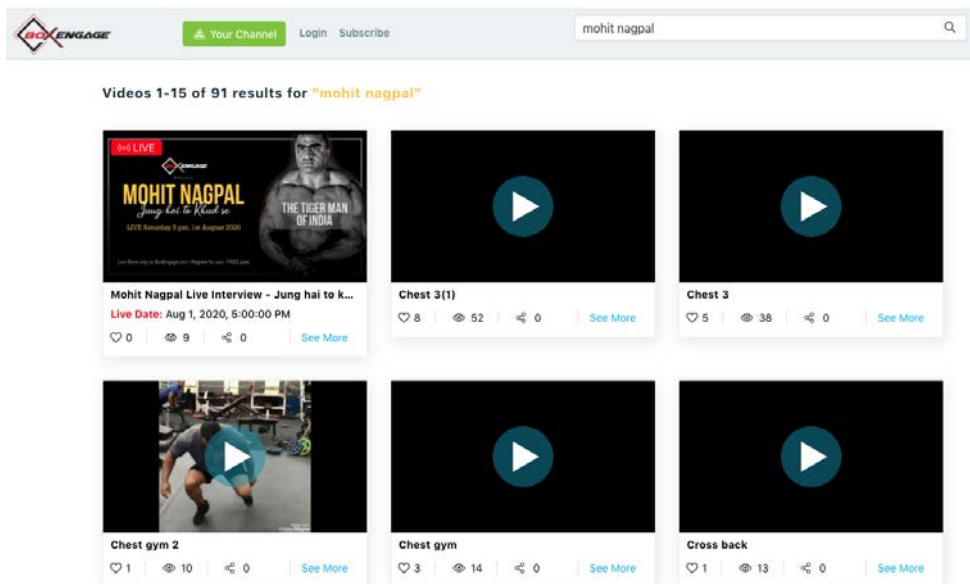

The end-user would scroll-down to click on the 'Categories' Tab of its liking.

- 1.3. After choosing the category for choice, the end-users can watch the short videos of that particular category (both live and recorded). For example, if you click on fashion category, the end-user would view the same:

- 1.4. Alternative, the end-user can search by keyword and look for short-videos posted by their choice of content creator. For example, if one is looking for short videos of Mohit Nagpal, who was a known influencer and is potential olympian, one has to go to search and simple search 'Mohit Nagpal' and all below results would be for both live and recorded results:

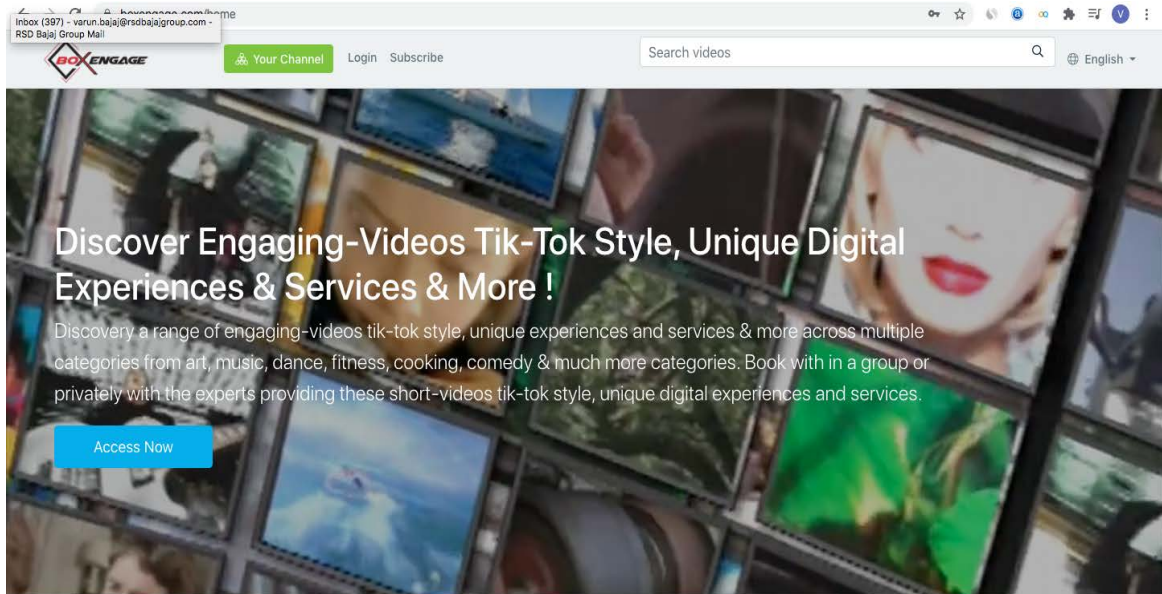

2. To view recorded & live long-videos / experiences & services (both private and public):

In addition to the above procedure provided under Point 1, the following section would also contain long-videos / experiences and services (both private and public):

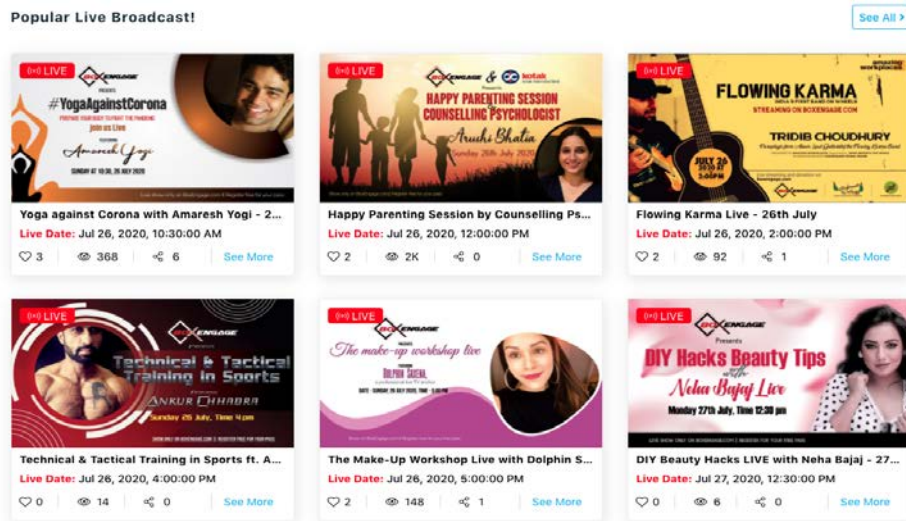

2.1. Login:

The end-user would open [www.boxengage.com](http://www.boxengage.com)

2.2. Go To 'Popular Live Broadcasts' or Short Films Section on Home Page:

Scroll to the Popular Live Broadcasts or short films section to consume longer format of videos and experiences / services:
